ORDER

On May 31, 2017, defendant filed a motion for leave to file a corrected status report. According to defendant, after it filed its status report on May 30, 2017, it realized that it had "neglected to serve plaintiffs with 839 of the 2500 documents over which [it] was no longer asserting privilege." Def.'s Mot. 1. Defendant further represents that those documents were produced to plaintiffs on May 31, 2017. For good cause shown—upon identifying its mistake, defendant immediately corrected it—defendant's motion is **GRANTED.**

IT IS SO ORDERED.
